## Limited Line Distributors

The following distributors don't carry our entire product line -- typically they have a more narrow focus in terms of product type (e.g., just card games or board games) or they aim at a different market (e.g., only comic stores or bookstores). Still, even if one of these wholesalers doesn't stock every book we ever published, they can probably special order it at your request, and depending on the product mix of your own store they may suit you perfectly.
