

DEMONSTRATION

Letter Head is a dynamic word-forming card game that's engaging, interactive, challenging, addictive, and above all, fun. Players create words using a special deck of cards that have letters instead of numbers and points instead of suits.

Missing a crucial letter? No problem! Canny players can bluff their opponents into

thinking they've got every letter they need. Social skills and "emotional intelligence" are just as important as spelling ability.

Letter Head proves once and for all that word games aren't just for eggheads. Tired of twos, fives, and (yawn) the nine of clubs? Once you try **Letter Head**, you'll never be satisfied with a deck of standard playing cards again!
