

Let's Kill! **DEMONSTRATION**

Have you ever had the urge to start beating some know-it-all who really deserved it, but were held back by those frustrating social boundaries? Ever wanted to go psycho on a bunch of bleached-blond cheerleaders, or the pretentious beatnik at the corner coffee shop? Ever wanted to achieve fame through your horrifying actions? The Let's Kill card game may help relieve that urge. In Let's Kill, you play a psychotic killer determined to kill as many people as possible in the most bizzare ways you can think of, using everything from sporks to weed whackers to industrial paper shredders, while gaining as much media coverage as you can.

Let's Kill is a bloody little card game featuring distinctive stick figure art and gruesome humor, and is designed for mature audiences.
