

Over a dozen books were published under the original Atlas Games edition of *Feng Shui*, and many fans cherish their action-packed contents to this day. Indeed, when *Feng Shui 2* was announced, there were some who raised the important question: would this new edition make obsolete their copies of *Seal of the Wheel* or *On Location* or *Blood of the Valiant* — to name just three?

The answer is here: the *Feng Shui 2 Conversion Codex*! Armed with your Crazy Pack of PDFs (or your much-loved and dog-eared print copies of those very same books) and this document, you can bring old adventures to life, revisit mysterious locations, exchange blows with legions of faceless mooks, and take down bosses and other bad guys with bullet-time bravura. Nothing is ever obsolete, just in need of a fresh coat of chrome and a fountain of chi energy. KI-YAAAAAH!

HOW TO USE THIS BOOK

This codex is separated into chapters, each linked to a first edition *Feng Shui* sourcebook or product. Every stat block is presented in *FS2* format and in the order in which it appears in the older material. We've designed the layout so that you can pull it up with ease on a tablet or laptop, or just print out the pages you need.

Note: This book does not convert or reproduce any additional rules, archetypes, or gear from these books unless otherwise listed. Eyeballing these should be a piece of cake, however.

MARTIAL ARTS	DEF	TOU	SPEED
18	17	10	8

Weapons: Unarmed (highest hero DV +1).

Auto Re-Arm: Swap, replace, or pick up weapons at a shot cost of 0.

Back to the Wall: If attacked by more than one character in any sequence, the shot cost of a standard attack drops to 2 until end of sequence.

Caper: As an interrupt when attacked with a ranged or thrown weapon, the foe spends 1 shot and makes a Martial Arts check. If the foe's check beats the hero's, the foe chooses a different target for the attack.

Mark Prey: Spend 3 shots and make a Martial Arts attack against 4 targets. Attack does no damage, but foe gets cumulative +1 Martial Arts against the targets until the end of the fight.

Rebuke: Spend 3 shots. Until the end of the fight, the battle zone is treated as hostile to Sorcery and Arcanowave devices.

Swindle: Spend 1 shot and make a Martial Arts attack. On a hit, foe can use one creature schtick of fu power possessed by the target on their next action. Foe ignores Magic costs for the swindled schtick.

Backup Attack: Guns 11, Martial Arts 11

Weapons: Buro Blade of Truth (10/3/1), unarmed (10).

Blood Drain: On a successful Martial Arts attack, foe can make a Creature check against a difficulty equal to the target's Fortune. On a success, the Martial Arts attack deals no damage, but the victim loses one unspent Fortune point.

Corruption: If an enemy takes 25 Wound Points or more in a single fight from the foe's unarmed attack or Necrosis Unit, they must make a Constitution check against a Difficulty equal to the number of attack the foe has scored against them. On a failure, the victim will turn into a rotting robot after three midnights.

Juicer: Foe ignores Impairment.

Necrosis Unit: Anyone making flesh-to-flesh contact with the foe must make a Constitution check against the foe's Creature AV or become infected and take Wound Points equal to their negative Outcome. Additional checks against the same difficulty are made each day with the same results until a check is made. Treatment (Difficulty 10) does not cure the infection, but the victim can add the Outcome to their Constitution check.

Scroungotech Schticks: Neural Stimulator.

GUIDING HAND MONKS

MOOKS

Damage: 7 (unarmed), 10 (edged cane).

IRON & SILK

Iron & Silk is packed to the armory walls with weapons, most of which are improvised. As any *Feng Shui 2* player knows, weapons don't work that way any longer in the new game, so here's the easy rule of thumb for them all:

- Add the bonus to the baseline of 7 (which is what an unarmed attack defaults to). If your archetype has a bonus like Very Strong or similar, make that adjustment first and then add the bonus.

Easy! Now go smash some more mooks with a lawn chair or a fire extinguisher or whatever else is lying around.

SEED OF THE NEW FLESH

This book features a lot of Future juncture tech from before the C-Bomb. Treat it basically like Scroungotech. Some of these characters have Arcanowave as an Attack; this works like any other Attack Value.

DR. CURTIS BOATMAN

UBER-BOSS

ARCANOWAVE	DEF	TOU	SPEED
20	20	10	7

Backup Attacks: Guns 10, Martial Arts 10

Weapons: Arcanowave Attack Suite (highest hero DV +1).

Resistances: Notice 15.

Auto Re-Arm: Swap, replace, or pick up weapons or Scroungotech devices at a shot cost of 0.

Back to the Wall: If attacked by more than one character in any sequence, the shot cost of a standard attack drops to 2 until end of sequence.

Arcanowave Nexus: Curtis can replicate any Genome or Sorcery schtick, once per fight, by spending 1 shot. Any schtick with a shot cost of its own is added to this cost. He uses his Arcanowave Attack Value for any AV required by the schtick. He is also considered to have access to any Scroungotech device he needs, which he powers himself.

JOHANN BONENGEL

UBER-BOSS

GUNS/MARTIAL ARTS	DEF	TOU	SPEED
14	14	10	9

Weapons: Buro sidearm (highest hero DV +1).

Resistances: Notice 14.

Auto Re-Arm: Swap, replace, or pick up weapons at a shot cost of 0.

Back to the Wall: If attacked by more than one character in any sequence, the shot cost of a standard attack drops to 2 until end of sequence.

Chi Charged: As the master of most of 2056's feng shui sites, Johann enjoys overwhelming fortune while in that juncture. He rolls an extra positive die on any roll he makes, and anyone who tries to harm him directly must first overcome his Will AV with a Will Check. Johann can convince almost anyone of anything by opposing their Will AV with his Will; this effect goes away once that person leaves Johann's presence.
